Sanofi Pasteur: The world’s leading vaccine company
Sanofi Pasteur, the vaccines division of Sanofi, is the largest company in the world devoted entirely to human vaccines. Our driving goal is to protect people from infectious diseases by creating safe and effective vaccines. Our company distributes more than 1 billion doses of vaccine each year, making it possible to vaccinate more than 500 million people across the globe. Sanofi Pasteur offers the broadest range of vaccines in the world, providing protection against 20 bacterial and viral diseases. Sanofi is dedicated to supporting people through their health challenges. We are a global biopharmaceutical company focused on human health. We prevent illness with vaccines, provide innovative treatments to fight pain and ease suffering. We stand by the few who suffer from rare diseases and the millions with long-term chronic conditions. With more than 100,000 people in 100 countries, Sanofi is transforming scientific innovation into healthcare solutions around the globe.
